The Phantom of the Opera opened in London's West End in 1986 and on Broadway in New York in 1988. It is the largest running show in Broadway history by a wide margin and celebrated its 10,000th Broadway performance on February 11th 2012 and is the first production to do so.

Cameron Mackintosh's spectacular new production of the Andrew Lloyd Webber classic, *The Phantom of the Opera* makes its return to Detroit as part of its North American Tour. Hailed by critics as "bigger and better than ever before," this production boasts many exciting special effects including the show's legendary chandelier, new scenic and lighting design, new staging and choreography. The beloved story and thrilling score will be performed by a cast and orchestra of 52 making this *Phantom* one of the largest productions now on tour.

Based on the eponymous French novel by Gaston Leroux, its central plot revolves around a beautiful soprano, Christine Daae', who becomes the obsession of a mysterious, disfigured musical genius living in the subterranean labyrinth beneath the Paris Opera House.
